

Terms of Reference (TOR) for the Production and Transmission of Panel Discussion

1. Background

ActionAid Ethiopia is a Gender Justice, Good Governance, and Poverty Eradication organization working to achieve gender equality and poverty eradication. In Ethiopia ActionAid works to challenge various forms of power and build capacities to create people agencies of critical mass of communities especially Women and Girls living in poverty and exclusion to fulfil their rights, ensure redistribution of resources and build their resilience. We prioritize to work with Women, Girls and Young People and their organizations, networks, civil society organizations, national and local government and other allies to overcome gender injustice and structural causes of poverty. We engage at national level policy works to influencing the agendas of women, girls and the youth to tackle gender injustice.

And we connect our work from communities to national and international level by leading and actively engaging in policy agenda for greater contribution towards a just, equitable and sustainable life of communities. Guided by feminist lens and human rights-based principles and approaches, we seek to shift power, through empowerment, solidarity, policy influencing and the generation of alternatives to ensure that women and girls can enjoy a life of dignity and freedom from poverty.

Since its entry to Ethiopia in 1989, ActionAid Ethiopia has been working in different locations where women and girls lead their lives under difficult social and economic situations. Its working philosophy has enabled ActionAid to put tangible impact on the lives of these women, young girls, children, and communities it worked with.

Since the emergence of COVID 19 pandemic, ActionAid Ethiopia, with its collaborators and partners, has been contributing its level best effort in supporting communities, especially, women, girls, and young people prevent themselves from getting infected by the virus and cope with the aftermath effects of the pandemic on their lives.

As part of its effort in this regard, our organization has commissioned a study on the impacts of COVID 19 on the lives of young people living in Addis Ababa; and we are now to communicate the findings of this study to the wider public and policy makers through the production and transmission of panel discussion on television.

Objective – The panel discussion's aim is to:

- Inform the public and policy makers on what young people are doing to cope with the aftermath effects of the pandemic and to what extent their lives (education, business, social cohesion, etc.) have been impacted.
- Explore ways on what and how different stakeholders can play their role in mitigating the deep underneath socio-economic implications the pandemic has put on the lives of young people.
